Sir:

Preliminary to substantive examination, please amend the above-referenced application as follows:

IN THE CLAIMS

Please amend the claims as follows:

- 2b.B1
1. (AMENDED) A regenerative pump for adding energy to a fluid comprising:
- a casing having a fluid inlet and a single fluid outlet separated by a stripper, said casing having axially spaced, radially extending first and second side walls;
- an impeller enclosed within said casing, and said impeller having an axis of rotation and axially spaced, radially extending first and second surfaces facing said first and second side walls of said casing, respectively; and
